- From 17 to 19 June 1952, the Committee on Patterns and the Committee on Standardization Technique of the Deutscher Normenausschuss held a meeting in the Volkswagen Works at Wolfsburg. The following persons from East Berlin and the DDR took part:

Ing. (fnu) Hedel, Deutscher Normenausschuss, Eastern Branch.
Ing. G. Th. Hiller, Hochfrequenz (HF)
Ing. (fnu) Wiest, Leiss-Optik, Jena
Dip.-Ing. (fnu) Weinhold, Technische Hochschule, Dresden,
assistant to Prof. (fnu) Kloc; about 30 years old; took
position of assistant to Kloc because at the Hochschule,
he is not under political pressure from the SED, as he would be
in industry; his main sphere of work is standardization.
Ing. (fnu) Junier, Tech. Planning Commission, Central Office for
Research and Technique, Dept. Goerel (Normung); not an SED member.

- Since January 1952 the DDR has been a member of the International Standards Organization (ISO), with the permission of the USSR. Some months ago, on the advice of the French Standards Committee (AFNOR), the DIA asked the USSR for a resumption of exchange of standards as it had existed before the war. The USSR agreed to the exchange. However, no exchange has taken place, and it is not known which standards the USSR will give out in return for German measures. The exchange agreement was somewhat unexpected since the USSR has not given the DDR the standards needed for reparations orders.
